

Vibe Check Mini Project - README

Welcome to the Vibe Check Mini Project!

Files included:

- index.html : Main page with Bootstrap layout
- app.js : JavaScript logic (gallery, vibes, weather)
- style.css : Custom CSS for aesthetics
- README.pdf : This file

Setup:

1. Place your images in an 'images/' folder with names:
chill.jpg, hype.jpg, cozy.jpg, confused.jpg, salty.jpg, boujee.jpg
2. Open index.html in a browser.
3. In app.js, replace 'YOUR_API_KEY_HERE' with your OpenWeatherMap API key.

Enjoy coding!
